First name: Geoffrey

Last name: Grimmer

Organization: Vail Ski & Snowboard Academy

Title: Headmaster

Comments: I would encourage the Forest Service to look closely at the reasons for denying this clearcut in years prior and maintain the usual vigilance to the EIS process and recommendations. It is not likely that ANY of the comments you are receiving from the SSCV community involve significant thought around the science of habitat and sustainability and should therefore be tempered with a well-executed EIS to support the best decision for both human recreation and the health of our beautiful environment in Vail.
