Comments: Dear Sirs,

As a Vail home owner for 17 years, I am writing in support of the Golden Peak Improvements Project. This project is by and for the young people of the Vail Valley. It is in the best interests of all involved as it will concentrate snow sport athletes in one place and provide world class training for your athletes. It will help the other public by keeping much of the volume on the new upper trail area as opposed to all of the snow sports traffic having to use chair 6. This project has broad community support and has been "in the works" for many years. Please consider this favorably.

Very Sincerely,

Dan Leever
