Last name: Leever

Organization:

Title:

Comments: I grew up skiing in Vail since I was two years old. I have a picture sitting on the mantle of me holding onto my dads pole while he dragged me around China Bowl. When I turned 6 years old, I entered Ski Club Vail and started my ski racing career. Skiing on Golden Peak honed my skills until when I was 19 years old I qualified to ski for the US Ski Team. Representing my home town of Vail on the international stage has been a blessing for the last 2 years, and hearing about how close the Gold Peak Improvement project is to being approved has made me more excited than ever for the future of Ski Club Vail. The improvement would provide unprecedented training to both local and international athletes throughout the season. The improvement will make Vail the Mecca of ski racing, and will help the future generations develop into our next Olympians.

Sincerely yours,

Alex Leever
