Title:

Comments: I am in support of the expansion of Vail Mountain. The skiers could benefit greatly by adding an additional 42 acres of skiable terrain to Golden Peak.

The mogul skiers would have their own mogul course on Golden Peak. By moving the mogul course from the central part of the mountain, would allow the athletes more time to train, and a safer area to train. By training on Golden Peak the mogul skiers are more visible to the public, creating more exposure and interest in the discipline.

By expanding the Alpine competition area allows Vail the opportunity to host more FIS events and to bring greater exposure to our beautiful Vail Valley. It also permits our local athletes the ability to train on an elite course without leaving the area.

In closing, please consider the positive impact the expansion of Golden Peak would have on our community.

Sincerely,

Maria Kalapos
