Title:

Comments: I am writing in favor of the expansion of gold peak. I have been living in the Vail Valley for thirty years and have a whole family of skiers. As I have seen this valley grow, so have my concerns for the amount of skiers on the mountain. This expansion would allow for that much more needed terrain for the athletes.

I am usually not for growth in our valley, but I do believe this is a necessary move to keep things safe for all of those affected.

Thank you for your time.

Sincerely,

Kim Kohlhofer
