First name: Antony

Last name: Olin

Organization: Afton Alps Alpine Club

Title: Program Director

Comments: Team Afton (Afton Alps Alpine Club) highly values its relationship with Vail Resorts. As part of Afton Alps Ski Area in Minnesota (a Vail Resort property), we have been regular visitors to Vail, and in particular Gold Peak - where we conduct training sessions in the Fall, Mid-season, and Late Season. The Gold Peak Expansion Project is of keen interest to us - as it would further the usable terrain for developing our skiers, and create a safer situation for Fall training - since the current situation is a bit tight with all the teams from around the world vying for training space. We are 100% behind the project and would be interested in offering our support in any fashion that might further help the plan come to fruition. Sincerely, Antony I. Olin
