First name: Liv

Last name: Moritz

Organization:

Title:

Comments: My name is Liv Moritz. I am 12 years old and I race for SSCV. I would like you to approve the Golden Peak project because it is hard for our coaches to find space for us to train when Main Arena is being used for other events like the Burton Open for two months. Sometimes we are allowed to train on Black Forest or Whippersnapper, but I hear that the tourists get mad when this happens because the run is closed.

There are a lot of good racers in our club and I think if we could have our own little area, then the other skiers on the mountain would be happier and we would always have good training. I really love our mountain and wish that we could keep all the aspen trees plus have a bigger training place on Golden Peak, but that is impossible. So maybe we can plant some new aspen trees somewhere else in Vail.

Sincerely,

Liv Moritz
