Comments: Thank you in advance for reading my comments.

I am currently opposed to the proposal by Midas Gold as it is written, for the following reasons:

Too little consideration is given to the negative impacts the project will have on the economy of Yellow Pine.

Too little consideration is given to public access to Thunder Mountain and Cinnabar.

Closing Stibnite Road and building a bypass via the Burnt Log Trail routes much needed tourism around Yellow Pine, and whatever positive economic contributions from Midas will fail to offset the effects.

Furthermore, Stibnite Road is a county road under the jurisdiction of RS-2477 of the state and county. I understand that the county currently has closed the road to all but light vehicles, which also is negatively affecting commerce in Yellow Pine, which I intend to talk to the commissioners about.

I am for the Midas project as a matter of principle, but not if it will do more harm than good to the local community, especially by closing roads.
