

Data Submitted (UTC 11): 6/30/2017 8:38:20 PM

First name: Margaret

Last name: Boland

Organization: Siskiyou Gardens, Parks and Greenway

Title: President

Comments: The Siskiyou Gardens, Parks and Greenway Association (SGPGA) has been a participant in the planning for the City of Yreka's Flood Hazard Reduction Project for a number of years. We are fully supportive of the project, including the proposed treatment on federal government property administered by the Forest Service and would appreciate having the name of our organization listed on Table 3-1 as a local interested party. Please let us know when a final environmental assessment document and decision notice are available.

We have provided paper copies of suggested corrections to the environmental assessment to the Klamath National Forest and the City of Yreka.
