Comments: I strongly oppose the Stibnite Gold Project. I believe this river system is worth more than all the gold and silver that could be extracted from it. We have a responsibility to be good stewards of the land, this project doesn't fit the bill. I feel that this mine would make the cleanup and conservation efforts of the past null and void. We have worked hard to save this majestic river from our past mistakes, why put it in jeopardy again? We need wild places, places unadulterated by the hand of man. Places like these feed our souls unlike anything else can, unfortunately these places are disappearing. Please don't let the South Fork of the Salmon become a place lost forever. Please preserve it, as it is.
