First name: Michelle

Last name: Leonardson

Organization: Warm Lake Users Association

Title: President

Comments: To Whom It May Concern:

The Warm Lake Users Association Board serves to advise its members and often acts as a liaison between the community and the Forest Service.

In the case of the Stibnite Mining Project proposal we have found that our community has weighed in with varying degrees of concern as well as support.

We therefore have the confidence in our community to relay comments as individuals and do not believe it is appropriate to speak for everyone with one voice at this time.

However, we do respectfully request that the Warm Lake Users Association stay in the conversation and we appreciate being notified of developments going forward.

Thank you,

Michelle Leonardson

President, Warm Lake Users Association
