Comments: I fully support this new trail, it would be a great opportunity for me to go enjoy some riding close to home with my husband. I am a novice trail rider, but enjoy the challenges that a trail like one in Tumacacori could offer. I don't get to ride single track trails with my husband as most in Arizona are simply so far away from our home. A new trail in the Coronado National Forest would allow us to ride together without the complications of a weekend camping trip. It would also be a great opportunity to expose new trail riders to the beauty of the Sonoran desert. Thanks for supporting such a wonderful proposal!
