First name: Tara

Last name: Alcantara

Organization: TORCA Tucson Off-Road Cyclists & Activists

Title: President

Comments: The Tucson Off-Road Cyclists & Activists fully supports this proposed trail system. There are currently few opportunities available for off-road (both motorized and non-motorized) users in Southern Arizona. In my experience, these users have been the first to give back to the trails they utilize, doing more trail work than other user groups and taking responsibility for the preservation of the outdoor areas they utilize.

The motorized and non-motorized activities will draw outdoor enthusiasts from Southern Arizona, Mexico, and all of the Southwest. This inherently provides much needed economic opportunity to the area.

TORCA is committed to supporting this project and will support TRS in their efforts to build and maintain the network of trails.

Thank you for your consideration!
