First name: Ruben

Last name: Martin

Organization:

Title:

Comments: As an avid mountain bicyclist and motorcyclist, I'm excited to see what I consider positive progress in the establishment of official multiuser trail system. I previously lived in Tucson and hope to some day return. A single track trail system in close proximity to the Tucson area would definitely add to the appeal for me and I'm sure other outdoor enthusiasts. I am confident all user groups will take pride in the establishment of this multiuser trail and will personally take part in its maintenance.
