First name: chris

Last name: dodds

Organization: Tucson Dual Sport, LLC

Title: Owner

Comments: My company, Tucson Dual Sport, fully supports the efforts of TRS and the Tumacacori, Red Springs Single Track Moto Trail Project.

TRS is an established dirt bike club that promotes responsible use of our roads and trails in Southern Arizona.

Tucson Dual Sport has been promoting Dual Sport riding around the Tucson area for 5 years. We are sanctioned by the American Motorcycle Association (AMA) and part of their exclusive Dual Sport National events. We plan rides in the Catalina's, Santa Rita, Tumacacori, Patagonia, and Redington.

I often ride on the ATV trail in Redington and would like to see single track throughout these areas. There are many bicycle only trails in Southern Arizona. These trails are ideals for motorcycles as well. In Northern Arizona and our surrounding states (Colorado, New Mexico, and Utah) there are extensive single track trails available to motorcycles. Southern Arizona has the ideal terrain and public land for single track trails.

This new trails system is especially sensible because it is an area that is seldom used, it uses already disturbed ground, and its maintenance would be minimal. Furthermore, there are several well established dirt bike clubs that would enthusiastically develop and care for these trails. The Tucson clubs are as follows: TRS, Sandblasters Dual Sport Club, and Desert Dual Sport club. Furthermore, my company and my contacts are willing to help these clubs maintain the single track system.

Tucson Dual Sport wholeheartedly recommends this project.
