Title:

Comments: I fully support the Tumacacori Trail Project. I moved to the southern Arizona area with my wife, so that we could enjoy the trails and riding offered here. I am recuperating from injuries sustained in Iraq and Afghanistan, over a 14 year active duty Army career. My riding is my therapy. The more trails, and the better trails there are, the better chance myself and other veterans (which this is a haven for) have to cope with our injuries. Thank you for your time.

-Brad
