Title:

Comments: I am a member of the Desert Dual Sport Club, and enjoy riding my street-legal motorcycle on trails and dirt roads in Arizona.

Motorcyclists deserve singletrack trails around Tucson just like bicyclists and hikers. Singletrack has a much smaller footprint (18" width) than jeep trails and is more fun and challenging to ride. Riding a motorcycle or bicycle on a trail without 4-wheeled vehicles is also safer.

I often ride the ATV trail at Redington Pass, and would like to have legal options to ride singletrack in southern Arizona, similar to what exists in Maricopa, Yavapai, and Coconino counties.

This new trails system is in an area that is seldom used, it uses already disturbed ground, and the maintenance would be minimal.

As a member of a dirt bike club I would gladly volunteer my time to help keep these trails maintained.
