Comments: I'm a member of Desert Dual Sport and Sandblasters Dual Sport clubs. I have ridden dirt bikes in Tucson my entire life. The ATV trail in Redington is nice but we could certainly put in a lot more like it. I have ridden single track in Colorado and Baja Mexico. WE should have single track here in Tucson.

This project is very remote so won't interfere with very many other outdoor enthusiasts. I pay for OHV decal and gas that has OHV charges on it. My group (dirt bikers) deserves our own use of the public lands we pay for.
