Comments: Dear Forest Service, please do not allow any process to go forward that could lead to oil and gas leases on or around Ruby Mountain. I am a long time Nevada resident who has enjoyed recreation in this area for 35 years. I hope to soon be able to take my young grandchildren to fish and hike and enjoy the natural beauty this area provides. It is truly a gem and to allow oil and gas drilling would be a travesty.

Thank you for your consideration.
