Comments: Please don't allow fracking in the Ruby Mountains!

Dear Ms. Elliott,

Ms. Elliott,

As you know, the Ruby Mountains are one of the most spectacular landscapes in Nevada. With abundant big game, robust trout fisheries and dense sage grouse habitat, the Rubies are a critical resource for wildlife.

Fracking and drilling for oil and gas would irreparably harm this undisturbed area. Please do not allow any leases for oil/gas fracking in this area!

I appreciate the work that you do and know that you are likely under a lot of pressure from all sides. Thank you for your effort and consideration.

Thank you,
Jason van Wijk
