Comments: Don't Allow Fracking in the Ruby Mountains

Dear Ms. Elliott,

The Ruby Mountains are one of the most spectacular landscapes in Nevada. With abundant big game, robust trout fisheries and dense sage grouse habitat, the Rubies are a critical resource for wildlife.

I urge you not to permit any leasing for oil and gas in the Ruby Mountains. The only way to protect the fragile resources of the Rubies is to forbid leasing on all of these parcels.

Thank you,

Terri Coppersmith
