Comments: Don't Allow Fracking in the Ruby Mountains

Dear Ms. Elliott,

Fracking and drilling for oil and gas in the Ruby Mountains would harm this great area. There is a very good chance the water and wildlife will be harmed.

I urge you not to permit any leasing for oil and gas in the Ruby Mountains. Non-surface occupancy stipulations do nothing to protect our precious aquatic resources from the harms of fracking. The only way to protect the fragile resources of the Rubies is to forbid leasing on all of these parcels.

Thank you,

Mike Landfield
