Last name: Hylton

Organization: Friends of Nevada Wilderness

Title:

Comments: Thanks for letting me comment on this issue. I prefer the No Action for oil and gas leasing in the Ruby Mtns this is one of the many areas I come to to hike/backpacking, bird and wildlife watching here in Nevada and I would like to

keep this area wild and free of drilling rigs and other noise that will occur here. Lets keep this place wild and keep the greed of the fossil fuel industry out
