Comments: To Whom It May Concern,

I do not support the proposal for oil and gas leasing in the Ruby Mountains of Nevada. This is a beautiful area for outdoor recreation and hunting. The proposed lease areas are crucial habitats for Nevada wildlife including the Sage Grouse. I frequently travel to the Ruby Mountains for camping trips and hunting trips. It would be a shame to ruin this beautiful natural area with oil and gas exploration, drilling, and god forbid pollution.

Thank you,

Joseph Walczak
