Comments: Include Wild Bison in Forest Management Plan Revision

Dear Supervisor Erickson

Dear Forest Supervisor Erickson,

Thank you for the opportunity to comment on the Custer-Gallatin National Forest Plan Revision.

The migratory buffalo need your help. Please ensure a place for them in the Custer-Gallatin National a Forest.

The National Forest Management Act requires the Custer-Gallatin National Forest to "provide for diversity of plant and animal communities based on the suitability and capability of the specific land area in order to meet overall multiple-use objectives." 16 U.S.C. 1604(g)(3)(B).

It's up to you and your staff to see that migratory buffalo have a place and a secure future on America's National Forests. Thank you for your consideration. Please keep me posted as this process moves forward.
