Organization: GA SHPO
Title: Env Review Program Mgr
Comments: GA SHPO continues to recommend taking into account the impacts of any actions within the Chattahoochee-Oconee National Forests on historic and archaeological resources, as required under Section 106 of the National Historic Preservation Act and related laws. In this context, any plans, proposals, and similar should outline the status of cultural resource surveys (CRS) and how/when future CRS, if needed, will be integrated into the process.
