Title:

Comments: I grew up riding my dirt bike in the Gunnison Valley with my family and friends. It is, to say the least, home for me. I am adamant about taking care of our trails and buying OHV permits to contribute to the Parks Dept's ability to fund projects and take care of our trails. My family and friends also participate in many trail maintenance work days. Going out there with shovels and rakes on our own expense and time to help keep our trails clean and viable for many years to come. Closing these trails is simply taking my OHV money to not take care of anything. It also is a prelude to closing other trails. Once it is acceptable to close 1 trail you'll think it's ok to close others. This is not acceptable. Keep my trails open!
