First name: Ray

Last name: Dolph

Organization:

Title:

Comments: I am an avid rider and have enjoyed many hours of riding single track and double track trails. I have raised my children on these trails and we are all mindful of keeping and enjoying the beauty of Colorado. I pay all of my fees on time and am happy to contribute money and time to keeping the public lands "public" for all to enjoy. I stay the trail and insist that my children and friends do the same. I pick up trash when I see it left anywhere and move tree and brush debris to the side so that others do not have to. I am not opposed to sharing the trails with others but to distinguish one group over another, especially those that do not pay fees is absolutely wrong. Please keep our public lands in Western Colorado accessible to all user groups.
