First name: Mary

Last name: Hertert

Organization:

Title:

Comments: Cultural uses. I am concerned that there is not enough staff nor finances to document and monitor known historical and cultural sites. Your list of organizations you partner with do not include the Colorado Archaeology Society with active chapters in Grand Junction and Montrose. The BLM recognizes and partners with this group of trained preservation and conservation citizens to document and monitor historical and archaeological sites. I urge GMUG to include them in the updated plan.
