Title:

Comments: As an avid hiker and cross country skier in the Gunnison Valley, it is of utmost importance to me to be able to "escape" the din and chaos of daily life from time to time. Over the past several years, it has become almost impossible to avoid the noise, pollution, and damage created by dirt bikes, ATVs, and snowmobiles on many of our trails. I feel the public should have a right to expect some semblance of peace and quiet in our majestic and beautiful valley. Please create more quiet spaces, and restrict the use of motorized vehicles, or the very character of the Gunnison Valley will be changed forever. Thank you.
