Title:

Comments: Hello, Myself along with my Wife and our Children are residents in the town of Montrose. We as a family greatly appreciate the public lands of the Western Slope and spend much of our time exploring by ATV/OHV as well as hiking and climbing. I would like to receive any updates or information regarding: Grand Mesa, Uncompahgre and Gunnison Forest Plan Revision #51806. I am in hopes that land usage will remain accessible to be shared and enjoyed by all equally and with the least amount of restrictions. Thank you for adding me to the information circulation.
