Title:

Comments: I moved to CO in 2003 for the single and double track trails here. I have ridden over 10,000 miles of trails since moving here, including many trips to Gunnison county and Uncompahgre forest areas. These are two of the best and most beautiful trail systems in the county. In my 14 years in CO I have worked with the forestry services and BLM to clear trails early season, do maintenance on trails around CO and UT, and have introduced many others to the amazing trails in this state. During this period, myself and my friends have spent \$10,000s in CO related to trail riding.

There are many volunteer organizations and countless trail riders that will work hard to keep the trails open and want more, not LESS trails in CO. Please listen to your OHV users and help us keep and expand CO trail systems.
