Comments: Thank you for taking the time to consider comments from the public. As an avid off road motorcyclist and mountain biker, I have made several trips to Crested Butte area to recreate, sometimes for singletrack adventures with friends, other times with my family to play on more of the roads. I would like to see more efforts put in to find fair compromises. What trails can be easily modified to possibly make some motorized and non motorized loops fed off a common middle? Basically I would like to see a few more trails for both groups to spread out traffic and potential conflict better. I know that there would be good volunteer support from both the offroad and mtn bike communities.

Thank you again for the opportunity to comment.
