First name: Samuel
Last name: Vasicko
Organization: Thunder MT wheelers
Title: Board Member
Comments: The OHV users fund trail maintenance on FS managed land that provides recreational opportunities for all users not just a select group.With the growing demand for OHV use it is not going away closing trails forces OHV into smaller areas putting strain on resources for all users. The Forest service plan Revision must address future and existing land management for OHV recreatiopnal use.
