First name: Jeremiah

Last name: Ball

Organization:

Title:

Comments: I am a Colorado homeowner and a motorized off highway vehicle user. I am a careful steward of the land when I use it, because I also am a non-motorized user. I am firmly of the belief that all trail users should be able to co-exist and trail access should not be curtailed for motorized use. Please consider this comment to be in favor of continued access to all current trail systems for motorized and non-motorized users. Thank You.
