Title:

Comments: Dear Forrest Service:

Over the past twenty years, my wife and I have enjoyed hiking in the north Georgia mountains, especially in Gilmer, Fannin, Lumpkin, White, Stephens and Rabun counties. The unspoiled mountain area has always provided a get away to the metro-area. The mountains and the forests are add greatly to our quality of life and help make Georgia a great place to live.

Regarding the proposed Foothills Landscape Project #52509, I would like to be kept updated on the project. I hope that this project will proceed at a measured pace to allow feedback and public comment before action is taken, especially before decisions are made regarding logging and clear cutting.

Sincerely,

John Shore
