My comments regarding the Greenwater Access and Travel Management Project:

Please DO NOT close the roads for the greenwater access.

Many people got together and put these lands aside so we could enjoy going up there for years to come. You are taking our rights away which is unconstitutional. Do not do this!!!!

I have lived in the Northwest all my life...i cannot imagine telling my 2 kids..no we cant go there anymore...shame on you for taking our rights away.

Thankyou
