First name: Joel

Last name: Marner

Organization:

Title:

Comments: This is an irresponsible and dangerous use of public lands. Please preserve what little we have while we still can. Don't allow the rich to destroy a community rich in wild spaces. I grew up in the Vail valley and cherish it's beauty and hope to be able to share it's beautiful and natural wild spaces with my children and grand children for that matter for generations to come. Thank you!
