Comments: As you know, under the Trump kleptocracy the GOP has decided it's fine to go full wingnut: racist, misogynist, nationalist, fascist, homophobic, anti-environment, anti-education, anti-science, venal, vindictive, vulgar, dishonest, etc (very incomplete list). Also the GOP sees the principle job of a politician to be a used car salesman, i.e. say/promise anything to close the deal and pocket the cash.

What does this have to do with the Forest Service? Well the FS is part of USDA, which is led by a member of President Tiny Hands' kleptocratic cabinet. So to get your job done you have to wade through a lot of slime.
