Comments: In the Bible it has, "Masters, give unto your servants that which is just and equal; knowing that ye also have a Master in heaven.. The greatness of our unique nation hinges on the fundamental purpose of the government to serve at the will of the people and to carry out public policy that is in the public interest. The Regulatory Right-to-Know Act calls for an analysis of the effects of regulations on small business. Consistent with that direction, Executive Order 12866, "Regulatory Planning and Review," recognizes the need to consider such effects and to minimize costs on small business. That Executive Order, reaffirmed by and incorporated in Executive Order 13563, "Improving Regulation and Regulatory Review," directs agencies to tailor their regulations by business size in order to impose the least burden on society, consistent with the achievement of regulatory objectives. It also calls for the development of short forms and other efficient regulatory approaches for small businesses and other entities.
