First name: Crystal

Last name: Birt

Organization:

Title:

Comments: Since I was a small child my father would take me and my brother to DBNFto camp every year. It is a beloved and sacred place. The devastating effects of the proposed logging and reduction of these protections would have repercussions that would irreversible damage to the batpopulation. The ecosystem is fragile, we should be the shepherd to the forest instead of the wolves. I implore you to stop.
