First name: Andy

Last name: McWilliams

Organization: McKenzie Masters Foundation

Title: President

Comments:

Thank-you for the opportunity to comment. The initial draft would provide parking solely for cars with no trailers. Is there no room to have a few parking spots for cars with a raft trailer or small motor home? With the proximity to the Olallie Creek boat ramp and all of the boating opportunities down river many people would want to combine a hike and a boating experience in the same day.
