Comments: I do not favor allowing vail to use national open space land for their profiteering models. I do not believe 42 acres can be sacrificed to a sport that may soon hav zero snow and who then logs against nature in this area to put up other alleged "recreation" efforts in an effort to incrase their profiteering. I like nature.i am all for keeping nature. I think the skiers who go there can use what they have. there are many resorts in Colorado and all should have usage, not just vail. I see other resorts losing out to vail. why shoud we allow this. no way should this be permitted. losing our national land for profiteering needs to stop now. we need to save every inch we have of nature. nature is the only thing to sustain us long term. stop the development
