First name: Michael

Last name: Cohill

Organization:

Title:

Comments: I am strongly against the exploration of oil and gas in areas in or near the Ruby Mountains.

My family - Cullinan - helped developed the global oil and gas industry and we are still independent drillers - wildcatters. There are massive areas available to drill that do not impact precious, natural treasures. I urge you to abandon the proposed leasing near the Ruby Mountains.

Michael Cullinan Cohill
