Comments: I just wanted to write to show my support for the Golden Peak Expansion project. I think it is long overdue. I am a 30+ year resident of the area. (Unincorporated Eagle County to be exact) Skiing and ski racing are the reason there is anybody living in this area. The entire economy of this area is dependent upon skiing. Anything that helps promote our area is a good thing. Anything that helps grow the sport is a good thing. Giving kids an expanded and better place to train is a good thing. This expansion is a GOOD THING.
