First name: Julie

Last name: U'Ren

Organization:

Title:

Comments: I would like to voice my strong opposition to any drilling or mining in the Ruby Mountains. My family and I have hiked fished and camped in the area for over 35 years. This is truly a beautiful part of our state and should not be developed for oil or mining. Actually it should be turned into a national Park for all of the country to enjoy.

Thank you

Julie URen
