Comments: I would like to express my objection to the Golden Peak expansion. I feel that the environmental and asthetical aspects outweigh the need for an expansion to Golden Peak. Adding additional acreage will only increase the congestion that Golden Peak is experiencing. Within the EIS, hydrology and wildlife endangerment problems are expressed. I do not think it wise to endanger an already endangered species (the Lynx) and displace homes of birds of prey species. Having a hydrology problem could effect the runoff to an already effected Gore Creek. In terms of the aesthetic aspect Golden Peak has to offer, expanding Golden Peak will hurt how many have come to enjoy its beauty. Thinking of our future, I oppose the Golden Peak expansion.
