First name: Linda

Last name: Roush

Organization:

Title:

Comments: Sirs: I think the Forest should be available to all users. I would like to see more trails made for motorized vehicles, namely ATV's. If any existing trails are closed new ones should be opened to maintain balance of use in the forest. Dispersed camping is something I enjoy. Please, continue to allow dispersed camping. I think that maintenance of these areas could be handled by volunteers, especially the Western Slope ATV Club.
