Comments: 42 acre clearing Vail

To whom it may concern:

As a Colorado native born and raised just a short distance from Vail, I do not believe the expansion should be allowed. 42 acres may not seem like a lot to some people but it is a lot of land that will be cleared. Everything has its pros and cons and I understand that expanding would create some benefit for trainers however, it is destroying our beautiful nature. Vail has for so long been slowly losing its natural beauty as it is. There is almost no Forrest left in Vail and the last thing that needs to happen is for us to destroy a little more of its beauty. We need to be preserving more land not destroying it. I am 100% against the expansion and was unfortunately not able to make the big meeting today and have faith the the forest service will make the correct decision. Feel free to contact me with any questions/concerns.

Thank You,
