Comments: Ruby Oil & Dil & Comments: Ruby Oil & Comments: Ruby Oil & Comments: Gas

I am 100% opposed to opening up any area in the Ruby Mts. or surrounding area for oil & Description amp; gas leasing which would lead to fracking. Not only would this destroy the beauty of the area but fracking has led to increased earthquakes where it is done. My husband & Description ampered in this beautiful area. We cannot continue to harm our environment with these kinds of practices that give short-term monetary benefits that create long term harm. NO TO GAS & Description area in the Ruby Mts. or surrounding area for oil & Description amp; gas leasing which would lead to fracking. Not only would this destroy the beauty of the area but fracking has led to increased earthquakes where it is done. My husband & Description ampered in this beautiful area. We cannot continue to harm our environment with these kinds of practices that give short-term monetary benefits that create long term
